

Dear Patients,

We are all hopeful that the worst of this COVID-19 pandemic is behind us. As we are returning to a sense of normal operation, we wanted to let you know what things have changed and what things are remaining the same.

1 Masks: If you have not been vaccinated, we ask that you continue to wear a mask while in the reception area. When seated in the dental chair, you are welcomed to remove your mask. Our employees will all continue to wear masks throughout the clinic.

2 Checking in: You are welcomed to wait in your car or in our reception area when checking in. If you choose to wait in your car, please call us or text us so that we know that you are here.

3 Illness: If you are experiencing any illness or fever, we will reschedule your visit as appropriate. We will also reschedule your visit if you have been in contact with someone with known COVID-19 within the past 2 weeks.

4 Guests: Please limit the number of guests that you bring to your appointment. We understand that it is sometimes necessary to bring additional family members, however, with our limited size, it is still difficult to accommodate additional guests who are not receiving treatment.

5 Cancellations: We have found that patients are very happy to get back to normal business. Because of this, we are experiencing a high demand for our appointment times. If you are unable to keep your scheduled appointment, please give us 72 hours notice.

Thank you for your understanding and for working with us through this difficult time. We are happy to see you again as a part of our extended family.

Sincerely,

Your Dental Family at Main Street Dental Care
